MASONRY and DIGGING, O N T H E Calder and Hebble Navigation.

M A S O N S

WHO would undertake the Building of a LOCK, and Two Pair of FLOOD-GATES on the RIVER CALDER, not far from *Brighouse*, may deliver in Proposals for the same on *Wednesday* the 26th of *April*, at the House of Mr. CLEGG, in *Brighouse*, to Mr. JESSOP, Engineer, who will be there on that and the two preceding Days, and will explain the Circumstances and Situation of the Work.

ALSO, about three Quarters of a Mile in length of Cutting, will, at the same Time, be contracted for, of which a proper Explanation will be given upon the Place.

A P R I L 17th, 1780.
